### EDUCATION

**Doctor of Philosophy, Agricultural Education and Communication** Spring 2011  
University of Florida, Gainesville  
Dissertation Title: Effect of Organizational Context on Extension Evaluation Behaviors

**Master of Agriculture, Extension Education** Summer 2000  
Colorado State University, Fort Collins

**Bachelor of Science, Equine Sciences (Science Concentration)** Spring 1999  
Colorado State University, Fort Collins

### PROFESSIONAL EXPERIENCE

**Professor** 2022 – present  
Department of Agricultural Leadership, Education & Communication  
University of Georgia

**Affiliate Faculty**, UGA African Studies Institute 2022 – present

**Affiliate Faculty**, Interdisciplinary Qualitative Studies 2024 - present

**Graduate Coordinator** 2019 – 2020; 2024 - 2025

**Associate Professor** 2018 – 2022

**Extension Evaluation Specialist**, UGA Extension 2018 – 2019

Major Responsibilities:

- Lead agriculture and science communication research efforts
- Research, apply for, and implement private contracts and grant projects
- Communicate research results through formal and non-formal channels
- Develop and deliver science communication undergraduate and graduate courses
- Recruit graduate students to the department
- Coordinate graduate students and post-doctoral researchers supporting science communication research and teaching
- Serve as chair and/or committee member on master's and doctoral students' committees
- Operate as a resource in science communication to state and national industry groups, agricultural organizations, institutions of higher education, state and federal governmental entities, non-profit and for-profit organizations

**Associate Professor** 2017 – 2018  
Department of Agricultural Education & Communication  
University of Florida

**Assistant Professor** 2012 – 2017

**Associate Director**, UF/IFAS Center for Public Issues Education 2013 – 2018

**Interim Director**, UF/IFAS Center for Public Issues Education 2013 – 2014; 2017 – 2018

**Affiliate Faculty**, School of Natural Resources and Environment 2012 – 2018

**Affiliate Faculty**, Florida Climate Institute 2013 – 2018

**Affiliate Faculty**, UF Water Institute 2016 – 2018

**Affiliate Faculty**, Program Development & Evaluation Center 2016 – 2018

Major Responsibilities:

- Lead public opinion research efforts surrounding agriculture and natural resource issues
- Research, apply for, and implement private contracts and grant projects
- Design and deliver programs for non-formal audiences
- Communicate research results through formal and non-formal channels
- Develop and deliver agricultural and natural resources public issues educational materials for extension professionals to use when working with stakeholders
- Coordinate graduate students supporting research and outreach surrounding public issues
- Serve as chair and/or committee member on master's and doctoral students' committees in the Department of Agricultural Education and Interdisciplinary Ecology
- Operate as a resource in public issues analysis to state and national industry groups, agricultural organizations, institutions of higher education, state and federal governmental entities, non-profit and for-profit organizations
- Coordinate day-to-day staff activities

**Director** 2011 – 2013

National Public Policy Evaluation Center

University of Florida

Major Responsibilities:

- Conduct agricultural and natural resources public policy evaluation research
- Design and deliver public policy programs for non-formal audiences
- Research, apply for, and implement private contracts and grant projects
- Communicate research results through peer reviewed journals and non-formal channels
- Operate as a resource in public policy research to state and national industry groups, agricultural organizations, institutions of higher education, state and federal governmental entities, non-profit and for-profit organizations

**Affiliate Faculty** 2002 – 2012

Department of Agriculture

Colorado State University

Major Responsibilities:

- Served as outside committee member on master's degree students' committees

**Post Doctorate Associate**

2011

University of Florida

Major Responsibilities:

- Served as the outside evaluator on a USDA Higher Education Challenge Grant in Costa Rica: established objectives, developed assessment tools, assessed student outcomes, created summative evaluation report covering all three project years
- Evaluated and assessed the impacts of adult agricultural leadership education programs on personal leadership perspectives and public policy initiatives
- Conducted research examining how problem-solving styles and critical thinking skills influenced teamwork with adults developing issue selling plans

**Graduate Assistant, Research and Teaching**

2008 – 2011

University of Florida

Major Responsibilities:

- Served as the outside evaluator on a USDA Higher Education Challenge Grant in Costa Rica: established objectives, developed assessment tools, assessed student outcomes, created annual formative and summative evaluation reports
- Conducted an evaluation for a Florida Department of Education grant using multiple regression and hierarchical linear modeling to assess the impact of career and technical education participation on science and math standardized test scores
- Evaluated a USDA Higher Education Challenge Grant in Ecuador by assessing participant outcomes through content analysis of reflections and direct observation
- Collected and analyzed survey data for an extension study in Florida and Trinidad
- Tested a critical thinking disposition instrument using confirmatory factor analysis
- Lead instructor for a program development and evaluation undergraduate course
- Teaching assistant for an evaluation graduate course taught by distance, a program development and evaluation undergraduate course, and an oral communications course

**Agricultural & 4-H Youth Development Agent**

2002 – 2008

Colorado State University Extension, Douglas County

Major Responsibilities:

- Planned, conducted, and evaluated the Douglas County 4-H program. Specialty areas included animal science, leadership development, school enrichment, and training adult volunteers
- Recruited and retained youth members, increasing club enrollment by 5% each year
- Coordinated county 4-H council working directly with 60+ youth to develop leadership skills and promote service learning
- Created communication tools including press releases, newsletters, posters, and videos
- Implemented the Douglas County Extension and national 4-H horse curricula websites
- Marketed 4-H program through the utilization of social media
- Designed a state-wide horseless horse curriculum, national 4-HCCS horse curricula, and an entomology focused school curriculum now being used in eight states
- Applied for and received grants to implement school-based healthy lifestyle programs
- Supervised a program assistant, two administrative assistants, five interns, and grant project staff

**4-H Youth & Agricultural Agent**

2001 – 2002

Colorado State University Extension, Jefferson County

Major Responsibilities:

- Planned, conducted, and evaluated the Jefferson County 4-H program. Areas of specialty included leadership development, animal science, equine science, school enrichment, recruitment, and training adult volunteers
- Coordinated and evaluated small acreage management, range, and crop rotation programs
- Coordinated county 4-H council to develop leadership skills and promote service learning
- Trained adult volunteers in establishing strong youth/adult partnerships
- Applied for and received grants to implement school-based healthy lifestyle programs for elementary age youth
- Implemented embryology school enrichment program reaching over 1600 youth the first year
- Supervised two interns and grant project staff

**Marketing Programs Manager**

2000 – 2001

Arabian Horse Association

Major Responsibilities:

- Coordinated national marketing campaigns
- Developed and implemented four marketing web sites
- Supervised two project coordinators
- Communicated with customers
- Developed adult and youth educational program plans

**4-H Youth & Agricultural Agent**

2000

Colorado State University Extension, Montrose &amp; Ouray Counties

Major Responsibilities:

- Planned, conducted, and evaluated the Montrose & Ouray County 4-H programs
- Coordinated and evaluated Tri-River Area youth programs focused on teen leadership, animal science, and equine science
- Created, coordinated, conducted, and evaluated disease management, range management, and vegetable crop production programs

**Graduate Assistant**

1999 – 2000

Colorado State University

Major Responsibilities:

- Coordinated statewide professional development training for county agents for the Extension administration office
- Created monthly professional development newsletter for county agents

## FORMAL TEACHING EXPERIENCE

AGCM8750 – *Effectively Communicating about Emerging Agricultural and Environmental Science Issues*

University of Georgia, Fall 2023, Fall 2022

Graduate level course designed to teach students the diversity of emerging topics facing the agricultural and environmental industry and how science communicators must be nimble and innovative to effectively communicate how science can assist in mitigating their effects. The major objective of the course is to enhance students' ability to think about the complexities facing science communicators and how innovative approaches to science communication can be as effective as well thought out communication campaigns.

*AGCM 8710 - Agricultural and Environmental Science Communication Theory*

University of Georgia, Fall 2024, Fall 2022, Fall 2021, Fall 2020

Graduate level course designed to teach communication theory and concepts as they apply to agricultural issues. The major objective of the course is to enhance students' ability to think critically and to develop effective strategies and tactics to draw on the theoretical frameworks and methodologies that are most central to the agricultural communication process.

*AGCM 8700 - Communicating Agricultural and Environmental Scientific Innovation*

University of Georgia, Spring 2024, Fall 2021, Fall 2020

Graduate level course designed to teach science communication concepts, identify what science communication efforts are effective and ineffective amongst diverse audiences, and how to target specific audiences based on where they obtain information. The major objective of the course is to enhance students' ability to think critically and develop effective strategies and tactics when communicating about AES innovation.

*ALDR7110 – Exploring the Use of Qualitative Approaches when Communicating Evaluation Impact*

University of Georgia, Summer 2023

Graduate level course designed to teach qualitative applications to communicating evaluation impact. The major objectives of the course are to be able to describe the differences in paradigms/approaches to qualitative research, the specific role qualitative approaches play when evaluating agricultural and environmental education and communication initiatives, the benefits and shortfalls of certain qualitative practices/paradigms, and assist students in developing a personal qualitative approach to collecting data and communicating impacts of an agricultural and environmental education initiative with stakeholders.

*ALDR7110 – Systems Thinking*

University of Georgia, Summer 2021

Graduate level course designed to teach the higher-level principles of systems thinking as they apply to sustainable food systems. The major objective of the course is to enhance students' ability to think about the complex intersections of systems and to consider systems when creating educational curriculum around wicked problems facing agricultural and environmental sciences.

*ALDR7110 – Utilization Focused Evaluation*

University of Georgia, Summer 2020

Graduate level course designed to introduce students to focusing evaluation of extension programs on community use rather than strictly outcomes and judgment. The major objectives of the course included describing the differences in approaches to diverse types of evaluation, describing the role utilization focused evaluation plays when evaluating community-based food system education programs, and developing a utilization focused approach to communicating with stakeholders about the impacts of a food systems education program.

*ALDR 4710/6710 – International Agricultural Development*

University of Georgia, Spring 2021 (co-instructed)

Combined undergraduate and graduate level course is part of an international development certificate offered at the University of Georgia. The course focuses on the analysis of international

development trainings and programs, stressing the developing world's perspective. Topics covered include issues affecting international cooperation, agricultural development, sustainability, technology transfer, and extension education.

*GRSC 7001 – GradFirst: First-Year Introduction to Research and Scholarship Training*  
University of Georgia, Spring 2024

Graduate level course designed to engage first-year graduate students in professional development and transdisciplinary training in areas key to academic success in masters and doctoral programs. Seminar topics include the ethical conduct of research and scholarship, getting the most out of graduate mentoring, and resources and procedures available to support students with grievances or concerns. Additional topics include an overview of science communication, diverse art forms, and discussions on how to use diverse forms of art to communicate scientific concepts and ideas.

*FYOS 1001 – Using Art to Communicate Science*  
University of Georgia, Fall, 2024, Fall 2023

Undergraduate level course designed to teach students about how we have and should use art to communicate science and how to apply the practice to benefit themselves, their family and friends, their work, their communities and ultimately the world. Topics covered include an overview of science communication, diverse art forms, and discussions on how to use diverse forms of art to communicate scientific concepts and ideas.

*FYOS 1001 – Changing your Community and Your Life by taking an Appreciative Approach*  
University of Georgia, Fall 2022

Undergraduate level course designed to teach students about appreciative inquiry and how to apply the practice to benefit their communities as well as the importance of self-reflection and assigning value to things you cannot control. Topics covered include an overview of appreciative inquiry and how it is used in community-based initiatives, strategies to incorporate appreciative inquiry into their lives, and discussions on how to reframe questions appreciatively.

*FYOS 1001 – Using an Appreciative Approach to Life: Small shifts for big impact*  
University of Georgia, Fall 2021

Undergraduate level course designed to teach students about appreciative inquiry and how to apply the practice to benefit themselves, their relationships, their work, and ultimately the world. Topics covered include an overview of appreciative inquiry and how it is used to evaluate extension health initiatives, strategies to incorporate appreciative inquiry into everyday living, and discussions on how to reframe questions appreciatively to alter the trajectory of conversations.

*FYOS 1001 – Issue Leadership: A guide to making a positive change in the world*  
University of Georgia, Spring 2021, Fall 2020

Undergraduate level course designed to examine issue leadership and how to apply the seven skills in life. Topics focus on the seven tenants of issue leadership: action, change, communication, relationship and character, strategic planning, supporting and coordinating.

*AEC 4500 - Program Development and Evaluation*  
University of Florida, Spring 2010

Theory and strategy of non-formal educational program development.

AEC3030C - *Effective Oral Communication*

University of Florida, Fall 2009, Fall 2008

Development of effective communication strategies in the agricultural sciences.
